<b>DIRECT ACCESS TO REINSURANCE COVERAGE</b>	The policy provides that: If the Reinsured becomes insolvent or is taken under supervision by the jurisdiction of its domicile then the Reinsurer may indemnify the Original Insured as defined in the contract as the alternate payee.
<b>AUTOMATIC COVERAGE FOR LENDER</b>	The reinsurance matches the coverage provided in the CATIC policy. If the CATIC policy extends coverage, then the reinsurance policy will do so as well.
<b>NEED TO CONFIRM COVERAGE OR ENDORSEMENT</b>	There is no need to confirm with Lloyd's as coverage is automatically provided. No policy endorsement from Lloyd's is required.

When compared to the national title insurers, who also purchase reinsurance typically through Lloyd's, CATIC's \$3 Million retained amount is preferred. The national title insurers' retained amounts start at \$20 Million. With CATIC, new insureds have the backing of reinsurance at a lower loss level. **CATIC ALSO HAS THE ABILITY TO INSURE DEALS UP TO \$500 MILLION** through a semi-automatic arrangement with a London-based reinsurer.
