CATIC Launches Municipal Guides Mobile App

CATIC, the largest Bar-Related® title insurance underwriter in the United States, announced the launch of its new municipal guide app for iOS and Android phones and tablets.

The new mobile app provides municipal information for every city and town in Connecticut, Maine, Massachusetts, New Hampshire, New York, Rhode Island, and Vermont, with additional states coming soon. Users will be able to easily access basic details of each town, town/city hall contact information and hours, deed registry, town clerk information, assessor information, and much more.

“We realized there was a need within the real estate industry for easily accessible municipal information,” noted Jim Czapiga, CATIC’s President and CEO. “Currently, someone has to either flip through a hard copy booklet or search online for all of the relevant information. CATIC has made the process much more efficient by placing all of the information in the palm of the user’s hand.”

The free app is available in the iTunes Store and on Google Play. Search for “CATIC Municipal Guide.”

In business for more than 50 years, CATIC is headquartered in Rocky Hill, CT and has offices throughout New England and Florida, and in New York and New Jersey through its sister company, CATIC Title Insurance Company.
